Journal of Intellectual Property Rights

VOLUME 7 NUMBER 5 SEPTEMBER 2002

CONTENTS

Articles
Patents in a Small Developing Economy: A Case Study of Sri Lanka
R M W Amaradasa, M A T De Silva and R P Pathirage 395

An Industry in Transition: The Indian Pharmaceutical Industry
M D Nair 405

Intellectual Property Rights in Sugarcane Research
Meenakshi Prajneshu and V K Gupta 416

Indian Copyright Law and Digital Technologies
T C James 423

A Tool to Enhance Competitiveness of SMEs
Wolfgang Starein 436

Literature Review

IPR—General 440

• International protection of intellectual property • IP strategy in bioinformatics • IPR, strategic technology agreements and market structure • Protection of layout designs (topographies) of integrated circuits - r.i.p? • Who's liable for cyberwrongs? • IPR over ethnic communities' knowledge • Indigenous knowledge: A moral reflection on current legal concepts of intellectual property • Infringement of IPR: causes and consequences • IPR—protecting the creation of new knowledge across cultural boundaries • Property rights regimes over biological resources • IP infringement in global networks: the implications of protection ahead of the curve

Patents 444

• Patent sequence databases • Virtual reality: patent review • Is e-commerce patentable in Europe? • Determinants of knowledge diffusion as evidenced in
patent data: the case of liquid crystal display technology
• United States patent classification: system organization
• Diversification of patent information services at patent information centres
• Patents and innovation counts as measures of regional production of new knowledge
• India, the pharmaceutical industry and the validity of TRIPS
• Bioinformatics: the role and limitations of patents
• Internet patents: will they hinder the development of e-commerce?
• Patent rights and trade
• Smart patents
• Technical cooperation and the international coordination of patentability of biotechnological inventions
• Measuring the intensity of knowledge flow with patent statistics

Copyright and Trademark

• Authors’ rights in works of public sculpture: a German/Australian comparison
• Creative destruction of copyright: Napster and the new economics of digital technology
• Does copyright enforcement encourage piracy?
• Supply of software: copyright and contract issues
• Uniform computer information transactions act
• Use of scientific evidence and experts in software copyright cases
• Plagiarism, norms, and the limits of theft law: some observations on the use of criminal sanctions in enforcing IPR
• Towards a trademark-based liability system

IPR News And Notes

IPR News—General

• EU to make legislative changes
• IPR enforcement should not become barriers to trade
• John Doe Order in India
• Institution of Engineers sets up IPR cell
• IP offices in four metros

Patent News

• Software patents in India
• US patent holder faces Indian passivity
• Glaxo, Roche EMR applications rejected
• Pfizer sues Dr Reddy’s Laboratory
• EC survey on patenting and publication
• Intel settles patent dispute with Intergraph
• UK patent for human proteins
• Patenting activity in US
• European board approves Martek patent
• Europe strikes down patent on cloning
• Patent granted for gene silencing
• Naturo files patent for Paclitaxel extraction process
• Dr Reddy’s plans push in skincare
• Gillette found guilty in patents case
• Sony to drive forward
• Bausch & Lomb wins patent dispute
• Patent dispute ends in deal
Copyright and Trademark News

• First WIPO Internet Treaty enters into force • UK copyright reforms clamp down on pirates • WIPO ruling secures 83 domain names for Dell • Brand values hit by technology fallout • Spain brings trademark laws up to international standards

Key Patents

• Antibody patent • Patent for treatment of viral diseases • Use of cow urine granted US patent • Antioxidant blend powder • US patent for Cyanotech’s astaxanthin • Headache cure • Process for extraction and purification of lutein, zeaxanthin and rare carotenoids • Process for the preparation of titanium alloys • Faster drugs for diabetes • Collapsible plastic bag • Oil extraction technology • Process for killing cells without lysis • New mouse model • Anti-collision device

Technical Notes

• Will patent disputes spoil the Web's success? • Patenting in nanotechnology
